PROFILE

Bilingual (EN/FR) digital marketer with 10 years of experience in digital marketing strategy, SEO, paid media, CRM, marketing automation, content marketing and lead generation. As one half of a two-person marketing team at Intersec, I run the entire digital function: website, organic and paid acquisition, HubSpot, email marketing, social media and sales enablement, the output most companies staff a full department to deliver. Data-driven and hands-on, early adopter of AI tools for content, SEO and GEO. I lean hard into AI to sharpen and speed up everything I produce.
